

BEFORE THE BOARD OF HEALTH  
SPOKANE REGIONAL HEALTH DISTRICT

RESOLUTION #05-04

RE: ADOPTION OF FOOD REGULATIONS

WHEREAS, the Washington State Department of Health has adopted updated food regulations effective May 2, 2005; and

WHEREAS, the Spokane Regional Health District desires to similarly adopt updated food regulations consistent with those adopted by the Washington State Department of Health; and

WHEREAS, the Spokane Regional Health District also desires to adopt certain additional procedural local regulations;

NOW, THEREFORE, BE IT HEREBY RESOLVED that the Board does hereby adopt as its local food regulations those regulations set forth in WAC 246.215 as though fully set forth herein.

BE IT FURTHER RESOLVED, that in addition to the above, the Spokane Regional Health District adopts the following supplemental procedural regulations:

1. Any person desiring to operate a food service establishment shall pay a penalty of 100% of the permit fee when application for the permit is submitted less than fourteen (14) days prior to the projected date of opening. No application for permit shall be accepted less than three (3) days prior to the projected date of opening due to the time needed for the health officer to review the application.
2. For purposes of clarification as directed at the March 24, 2005 SRHD Board of Health, a wastewater holding tank is a temporary waste water retention tank utilized in the absence of connection to an approved sewage system.
3. SRHD Board of Health adopts the "Working Document", DOH Publication 333-0331, dated December 2004, for the purposes of documenting findings and identifying applicable requirements. The "Working Document" merges the revised WAC 246-215 with the 2001 FDA Food Code. The structural nomenclature of the "Working Document" will be used for the purposes of identifying violations of the Food Service Rule.

Signed this 28<sup>th</sup> day of April, 2005 in Spokane, Washington.
