MAJOR RESPONSIBILITIES:

Screening, Assessment, Intervention

- Determines eligibility of family for EIP services. The family must (1) have a child ages birth to six who has issues related to nutrition; physical growth; social-emotional health; hygiene; developmental patterns; medical conditions, access to health care; attachment with caregiver; or risks for injuries from home safety hazards OR (2) have school aged child or youth who has medical neglect or problems with chronic health conditions.
- Attempts to make initial contact with the family within three (3) working days of acceptance of the referral from CA
- Notifies referring social worker or EIP liaison if unable to connect with client.
- Conducts initial screening per EIP program guidelines and determine the appropriate service path for the family, either Brief Intervention Path or Assessment and Comprehensive Service Path
- Provides health and developmental assessments on the identified child and assists the social worker with case planning
- Refers to community agencies/resources as appropriate Follows-up to verify that client has engaged in services
- Performs comprehensive caretaker and infant/child assessments using OMAHA, NCAST, ASQ, ASQ-SE, PHQ-9, ACE’s and other assessment tools as appropriate. Identifies and implements appropriate interventions based on assessment outcomes
- Documents assessment and interventions accurately and timely utilizing the OMAHA System, and completes service intervention and data reports within program guidelines
- Reassesses the outcome of interventions and documents in OMAHA KBS scores

Family Centered Care

- Carries a caseload of up to 20 clients, dependent upon acuity
- Provides services consistent with the “Washington State Division of Children and Family Services Family Centered Practice Model”
- Develops an initial encounter screening assessment and plan that addresses the family’s current protective factors; current strengths and successes of the family that can be built upon, current safety or health risk factors; natural supports systems; physical health and social emotional health care needs; attainment of developmental milestones and physical growth; service and/or support needs of the children; and circumstances that led to the crisis.
- Provides support, advocacy, referral and linkage to meet the needs of family members
- Establishes an interpersonal relationship with individuals or families which increases or enhances their capacity for self-care and coping
- Utilizes motivational interviewing as an engagement strategy and as technique to evaluate client’s readiness to engage in behavioral change
- Maintains client confidentiality and follows HIPAA policies and procedures
- Maintains accurate and current records regarding nursing activities and completes Medicaid Random Moment Time Studies (RMTS) in a timely manner

Program Implementation

- Complies with policies, procedures and guidelines of the EIP program
- Works with DCFS liaison and CA social workers to facilitate referrals
- Completes 90 day reviews and submits them to CA as required
- Participates in mandatory trainings including Children’s Justice Conference and Mandatory Reporter training
- Participates in Quality Improvement efforts including periodic review of program logic model.

Partnerships and Collaboration

- Participates in case conferencing with EIP team and liaison when requested
- Attends Family Decision Team Meetings (FTDM) at Children’s Administration when requested
- Collaborates and consults with medical and other community professionals to coordinate services and facilitate implementation of the plan of care
- Acts as mentor for less experienced staff and/or nursing students. Acts as a preceptor for new staff when requested
- Participates on interdisciplinary teams as appropriate, i.e., Child Protective Teams
- Provides expert witness testimony when subpoenaed
- Actively participates in groups and team meetings
- Responds to individual, supervisory and community inquiries in a timely manner.

Emergency Response

- Adheres to agency chain of command in an emergency response situation
- Conducts “just in time” training for staff in a public health emergency as needed/requested.
- Recognizes deviations from the norm in daily work that might indicate significant problem or emergency and takes appropriate action.

ENVIRONMENTAL FACTORS:

- Indoors, sedentary with 4 hours/day sitting or standing
- Outdoors, with 2 hours/day walking or standing
- 1-2 hours/day keyboarding or typing at a computer terminal
- Ability to navigate client sites (unpaved walkways, stairs, narrow hallways, etc.) on a regular basis
- Communication skills to interact effectively with people
- Comprehend and process verbal communication
- Visual acuity to read small print
- Ability to discern odors
- Ability to bend, twist, stoop on a regular basis
- Ability to lift or carry up to 25 pounds on a regular basis
- Ability to type, file, and complete forms with or without accommodation
- Ability to operate a vehicle or otherwise access multiple sites in a timely manner
- Ability to work a flexible schedule

The work environment characteristics described above are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
